

What is webmail ?

Webmail, Easy Internet's Webmail service, allows you to check your Easy Internet email account from any computer that has access to the internet. This is especially useful if you are travelling, or if you regularly access your email from multiple locations.

To access your webmail, simply enter your Easynet **Username** and **Password** into the webmail login box located on the right of our webpage.

The image shows a 'User Logon' form with a yellow background. It features a lock icon and the text 'User Logon:'. Below this, there are two input fields: 'username:' with the placeholder text 'username' and 'password:' with the placeholder text '*****'. At the bottom of the form, there are two buttons: 'Web-Mail' and 'Tool Box'.
